

An opportunity to join
Australia's leading
radio broadcaster.

COMMERCIAL PRODUCER – Ideas & Strategy Unit

- Full time opportunity based in the Brisbane CBD
- Fun, highly innovative and inspiring team
- Previous experience **ESSENTIAL**

Austereo, one of Australia's most innovative and exciting entertainment based media companies, boasting iconic radio brands such as B105 and Triple M, is looking for a talented, enthusiastic and motivated Commercial Producer to join its Ideas and Strategy Unit in Brisbane.

The Role

Working closely with Creative, you will be responsible for producing engaging, original, high impact audio commercials to deliver our clients' advertising messages at the possible highest standard.

To do this, you will be working with state-of-the-art technology, creating high impact and memorable commercials and making sure all audio production is produced at a professional level. In regards to the technical aspect of the role, you will ensure commercials are entered correctly and carted on time ready for on-air broadcast.

The Person

We are looking for someone who is exceptionally creative, has a burning passion for great sounding radio, and can construct and mix down powerful and memorable commercials for our valued clients. You will enjoy variety, a fast paced environment and have the ability to work to tight deadlines in a team environment. The successful candidate will also meet the following criteria:

- **MUST** be an experienced ProTools user (within a professional radio environment)
- Possess excellent communication skills
- Understands the sales process and client needs
- Has worked in radio in a capital city or major regional market

Are you interested in this outstanding opportunity? If so, please send your résumé and a brief cover letter (with salary expectations) to careers@austereo.com.au quoting 024-10 in the subject line. We look forward to receiving your application.

Applications close: Friday, 19 March 2010.
