An opportunity to join Australia's leading radio broadcaster.

Technology Engineer

- **Make the move – come join the winning team at Perth's 92.9 and Mix 94.5!**
- **Great opportunity to put your broadcast engineering skills to good use**
- **Vibrant culture, open plan office, highly supportive work environment**

AUSTereo, one of Australia's most progressive and exciting entertainment based media companies, is looking for an enthusiastic and highly motivated Technology Engineer with a passion for broadcasting to join its client focused Technology team in Perth.

Reporting to the Technology Manager – Perth, your key focus will be on providing technology based services to all areas of the business and also working extensively on new technology projects and installations. More specifically, you'll be responsible for maintaining studio and broadcast technology on a daily basis, ensuring all equipment is functioning at optimal capacity and capability. Whilst this role requires significant expertise in IT, you'll work mainly on audio, electronics and broadcast related issues.

Make no mistake – we're looking for the best! As the winning candidate, you will:

- Have at least 3 years experience working with contemporary studio and RF transmission systems. You've ideally worked as an Engineer in radio, however a background in television or other relevant industry will also be considered
- Possess tertiary qualifications in Electronics/Electrical Engineering or IT
- Have excellent organisational and time management skills, with the ability to handle multiple tasks/deadlines at the same time
- Possess exceptional communication and interpersonal skills
- Ideally have exposure working with both analogue and digital technologies and audio platforms

Importantly, your customer service mindset, proactive approach and advanced fault finding skills will allow you to build sound relationships and deliver technology based solutions to internal clients, thus enabling them to perform at their very best.

Interested? Please send your résumé and cover letter (with salary expectations) to careers@austereo.com.au quoting "081-10" in the subject line ("Internal 081-10" if you are a current employee). We look forward to receiving your application.

Applications close: Tuesday, 3 August 2010.

Austereo reserves the right to commence recruitment activities prior to the stated closing date.
